DISCLAIMER

This resource guide was developed to assist individuals needing resources in order to make informed decisions. The Aging and Disability Resource Center of the Lakeshore does not assume responsibility for the services, nor shall this resource guide create a liability on the part of or be a cause of action against the Aging and Disability Resource Center of the Lakeshore, Kewaunee County, Manitowoc County, or any officer or employee thereof for any problems that may result from reliance of this resource guide. The Aging and Disability Resource Center of the Lakeshore does not endorse the content included in this resource guide. This publication may not represent all businesses and organizations serving Kewaunee and Manitowoc counties. We have made every effort to make this resource useful to our residents; however, an organization's inclusion or omission is not a reflection of its merit.

The mission of the Aging and Disability Resource Center of the Lakeshore is to be a single source of information, assistance, and access to community resources for the aging population, people with disabilities, their families, and caregivers in the Kewaunee and Manitowoc County communities.

AGING AND DISABILITY RESOURCE CENTER OF THE LAKESHORE

Aging and Disability Resource Centers (ADRCs) shall serve all of the following groups of individuals, regardless of their financial means:

- Older adults (age 60+)
- Adults with developmental/physical disabilities
- Adults with mental illness and/or substance abuse issues
- Family caregivers
- Adults with mild memory impairment or dementia
- Youth with disabilities transitioning into the Adult Services System (over 17 ½ years)
- Individuals who inquire about resources or request assistance on behalf of consumers in any/all of the above categories

Please check this resource guide for answers to your questions, call to schedule an appointment, or walk in Monday - Friday from 8:00am to 4:30pm to speak directly with staff. After hours appointments are available upon request. Translators are available upon request for scheduled appointments.

ADRC CORE SERVICES

INFORMATION AND ASSISTANCE (I&A)

I&A staff are available to confidentially discuss, provide information, and make referrals regarding a variety of topics:

Options Counselling

The ADRC provides assistance as well as information about care needs and available resource/support options. The consultation is available at no charge and will review both publicly and privately funded options.

Transitional Services

The ADRC shall accept referrals and coordinate with existing support systems to assist young adults with disabilities to transition into the long-term care system. The ADRC shall share information about services available to children with long-term care needs to school districts and other support systems.

Prevention and Early Intervention Services

The ADRC shall collaborate with other community resources to promote efforts to keep individuals healthy and independent. This includes providing information, support, and assistance to family and other informal caregivers to delay or prevent the need for institutionalization and/or comprehensive long-term care services.

Access to Publicly Funded Long-Term Care

Programs and Services

The ADRC shall ensure that all consumers are informed about eligibility for Long-Term Care Funding. The ADRC shall administer a Long-Term Care Functional screen to determine functional eligibility for Long-Term Care programs, such as IRIS and Family Care, and will provide information regarding financial eligibility guidelines.

FAMILY CAREGIVING & PREVENTION PROGRAM SPECIALIST

The Family Caregiving Program Specialist shall provide confidential assistance, information, support, education, and advocacy to family caregivers who are caring for someone over the age of 60. Through assessment, information about options related to benefits, services/resources, and financial assistance programs can be explored with the caregiver. Prevention Programs are scheduled and offered to assist in falls prevention and older adult exercise.

DEMENTIA CARE SPECIALIST

The Dementia Care Specialist (DCS) shall provide education and awareness about Alzheimer's disease and other dementias. This shall include: providing options to caregivers and individuals affected by memory loss regarding community resources and services, assisting with future planning, memory screens, and providing Virtual Dementia Tours.

MOBILITY PROGRAM

The Mobility Manager shall serve as a transportation resource to seniors and adults with disabilities, and shall implement a coordinated, community-wide transportation service network that responds to the demands of individuals within the community. By utilizing a variety of transportation providers in partnership with one another, consumers' individual transportation needs may be met in an efficient and cost-effective manner.

NUTRITION PROGRAMS

Through the oversight of a Registered Dietician and Nutrition Program Supervisor, the Nutrition Programs shall provide access to wholesome meals to older individuals, either at local community dining sites, or directly to homebound individuals. The Nutrition Programs provide health education and aims to reduce hunger and food insecurity while assisting older individuals to live independently. Programs can provide opportunities for social interaction to help reduce isolation of older individuals. The Nutrition Program's Registered Dietician may provide one-on-one nutrition counseling when necessary.

ELDER BENEFIT SPECIALIST

The Elder Benefit Specialist (EBS) shall provide assistance to adults age 60 and over who are looking to access public and private benefits or programs. An EBS is able to provide information related to: Medicare Part D, Medicare Savings Plans, SeniorCare, Medicare, Medical Assistance, and Social Security. In addition, the EBS can provide information and assistance with Medical Assistance program denials. You will need an appointment to see an EBS.

DISABILITY BENEFIT SPECIALIST

The Disability Benefit Specialist (DBS) shall provide assistance to individuals age 17 ½ to 59 who are looking to access public and private benefits or programs. A DBS is able to provide information related to: Social Security Disability Insurance (SSDI), Supplemental Security Income (SSI), FoodShare, Medicare, Medicaid/Medical Assistance, insurance questions, work incentive programs, and housing & utility related issues. You will need an appointment to see a DBS.

ABUSE PREVENTION

If you suspect that you or someone you know is the victim of emotional, physical, or sexual abuse, neglect, and/or financial exploitation, please call Adult Protective Services in your county for confidential reporting and resource information. Additional assistance, including advocacy, shelter, and support group information, may be obtained by contacting:

ADULT DAY SERVICES

Adult Day Service Centers provide supervised and structured programming that includes a variety of health, social, and support services during daytime hours. These are community-based service models designed to meet the individual needs of people with cognitive and/or functional impairments, including Alzheimer's or related dementias.

Please call us at 1-877-416-7083 for Day Service locations.

ADVANCED DIRECTIVES/PLANNING

Advanced Directives are legal documents that allow individuals to put their healthcare and financial decisions in writing in the event they are no longer able to communicate their wishes. To find the appropriate form that is suitable for your situation, contact your physician or local hospital, your family attorney, or obtain copies of forms online at www.dhs.wisconsin.gov/aging/index.htm.

One copy of the completed form should be on file with your physician, one copy should go with your healthcare designee, and one should be kept with your own important documents. Types of Advanced Directives include:

Declaration to Physicians (Living Will)

The Declaration to Physicians allows the individual to state his/her wishes regarding health care in the event of a terminal illness and/or the end of life if in a persistent vegetative state. The decisions the individual makes will be carried out as stated in the living will regardless of what other family members may want.

Do Not Resuscitate (DNR) Orders

A Do Not Resuscitate order is a legal document issued by a physician to direct emergency medical technicians, first responders, and emergency health care facilities not to attempt cardiopulmonary resuscitation (CPR) on a person, should that person suffer cardiac or respiratory arrest.

Guardianships

A guardian is someone who is chosen or appointed to make legal decisions for another person who is unable to make those decisions on their own. Guardianships are often looked at for children or individuals who have become incapacitated through age or disability.

Power of Attorney for Finance and Property

A power of attorney for finance and property, or financial power of attorney, is a simple, inexpensive, and reliable way to arrange for someone to manage your finances if you are unable to make those decisions for yourself. A financial power of attorney can be drafted so that it goes in to effect as soon as you sign it. Or, you can specify that the power

of attorney does not go into effect unless a doctor certifies that you have become incapacitated.

Power of Attorney for Health Care

The POA-HC allows the individual to appoint another person to make their health care decisions if s/he becomes unable to make these decisions. The person(s) appointed to carry out an individual's healthcare wishes is the Health Care Agent. It is important to discuss end-of-life choices with the Health Care Agent prior to an emergency, so that s/he is able to carry out personal wishes. This document gives the Health Care Agent authority to make decisions only when activated - when the individual has been determined incapable to make health care decisions by two physicians. It does not give your Health Care Agent any other authority over your financial or other business decisions.

Supported Decision Making

Supportive decision making is a process of supporting and accommodating an adult with a functional impairment to enable the adult to make life decisions, including decisions related to where the adult wants to live, the services, supports, and medical care the adult wants to receive, whom the adult wants to live with, and where the adult wants to work, without impeding the self-determination of the adult.

FINANCIAL ASSISTANCE PROGRAMS

The following agencies offer information regarding financial assistance and programs for those with limited incomes. Assistance may be related to public benefits, tax preparation services, or home/property repair, to name a few things. Organizations should be contacted with questions specific to programs, available resources, eligibility guidelines, and application information.

It is important to contact your local utility company if you are having difficulty making payments, as many have the ability to work with you to reduce payments or offer special programs for a variety of household incomes.

HOME HEALTH SERVICES - SKILLED CARE

Medical home health agencies provide services that include skilled nursing, physical/speech/occupational therapy, wound care, and IV management. A medical home health agency is licensed and required to meet State of Wisconsin Standards. Medicare and/or Medicaid Programs, or private insurance, *may* reimburse medical home health agency costs. Verify this prior to scheduling services.

Please visit our website at www.adrcofthelakeshore.com or call us at 1-877-416-7083 for a current list of Home Health Service locations.

HOME CARE SERVICES

Non-medical, in-home agencies may offer a variety of services designed to assist a client wishing to remain in his or her home. These agencies are not licensed as home health agencies by the State of Wisconsin and are not able to provide skilled care. They are, however, able to provide the following services.

Personal Care Services

Personal care services generally consist of assistance with the following activities of daily living: grooming, bathing, dressing, personal hygiene, exercising, transferring, ambulation, adaptive equipment, supervision and support, monitoring and supervision for permanent risk, and assistance with medications.

Companion Services

Companionship services generally consist of providing supervision and minimal assistance to someone and often are used for respite when the main caregiver is out of the home.

Please visit our website at www.adrcofthelakeshore.com or call us at 1-877-416-7083 for a current list of Home Care Service locations.

For a list of personal care workers, please visit our website.

HOME/DURABLE MEDICAL EQUIPMENT

Home or durable medical equipment items allow and encourage individuals to complete activities of daily living that their illness or condition may not allow them to complete without assistance. Equipment can include, but is not limited to, canes, crutches, walkers, wheelchairs, bed tables, hospital beds, patient lifts, hearing aids, braces, prosthetics, commodes, oxygen, and other respiratory aids.

This equipment can be purchased, rented, or may be covered by insurance, including Medicare and/or Medical Assistance.

Please visit our website at www.adrcofthelakeshore.com or call us at 1-877-416-7083 for a current list of Home/Durable Medical Equipment locations.

HOSPICE & PALLIATIVE CARE

Hospice provides services to someone who is diagnosed with a terminal illness, has a limited life expectancy, and is no longer seeking aggressive treatment. Hospice provides a variety of services focusing on *quality* of life including, but not limited to, skilled nursing care, care management, medications, home health aide services, in-home respite, inpatient respite, durable medical equipment, and bereavement counselling.

Palliative care provides services to those who have a serious, chronic, or life limiting illness. Services focus on *quality* of life, including symptom management, and can begin at any stage of the illness.

Please call us at 1-877-416-7083 or check our website for a current list of hospice and palliative service locations.

HOUSING OPTIONS

There are a variety of types of housing for seniors and adults with disabilities available to Kewaunee and Manitowoc County residents. Please call us at 1-877-416-7083 or visit our website at www.adrcofthelakeshore.com for a current list of housing options.

Independent Apartments

There are many independent apartment options within Kewaunee and Manitowoc counties, and there may be complexes that only rent to seniors over the age of 50, or to adults with disabilities. Depending on the apartment, rent may be based on income.

Subsidized Housing

Rent is determined by deducting certain monthly medical expenses from the gross income, and arriving at a net figure. Rent is assessed at 30% of the net income. Some apartments have a maximum rent that they can charge. Some buildings may have a county run nutrition program meal site at their facility. Appliances are included, and laundry facilities are located in the building. Utilities may or may not be extra. Some buildings may offer larger apartments for married couples.

Supported Apartments (SAP)

These types of apartments typically serve adults with disabilities, and levels of care may range from only a few hours per week, to 24 hour supervision. Care may be provided by a licensed agency, or individual tenants may choose to hire their own homeware providers to assist them with care needs, ranging from homemaker services to skilled care.

Adult Family Homes (AFH)

An AFH is an assisted living facility where one to four adults who are not related to the operator reside and receive care, treatment, or services that are above the level of room and board and that may include up to seven hours per week of nursing care per resident. There are private AFH providers, typically a single adult or couple who open their homes to others, and certified AFH providers run by an agency. Services provided vary among individual Adult Family Homes.

Community Based Residential Facility (CBRF)

A CBRF is a type of assisted living facility where five or more unrelated adults live together. The goal of the CBRF is to assist individuals in achieving the highest level of independence of which they are capable. Different populations

are served by specific CBRFs. Some of these populations include: the elderly, individuals with Alzheimer's disease, emotionally and mentally disturbed adults, developmentally and physically disabled adults, and veterans. A CBRF is classified according to its size and the population it serves. A CBRF is required to provide assistance with bathing, dressing, grooming, medication management, social activities, health monitoring, and meals. They are not required to have professional nurses on duty 24 hours a day, but do have staff available at all times.

Residential Care Apartment Complex (RCAC)

An RCAC is an apartment-type assisted living facility where five or more individuals live (each in their own apartment, or as a couple) and offer independence and control over personal space, care decisions, and daily routines. Up to 28 hours per week of supportive services such as assistance with medication, bathing, dressing, grooming, and nursing care are provided. If a resident requires more than 28 hours of supportive service per week, the tenant may be able to pay an additional fee for increased care, contract with a home health care or hospice agency, or obtain assistance through informal supports such as friends and family to assist. Emergency assistance is available 24 hours a day. Social and recreational activities and meals are also offered.

Mental Health and/or Disabilities Options

Agencies provide residential services to people with disabilities. These organizations may operate adult family homes, community based residential facilities, and supervised apartment settings. The local offices of the organizations can be contacted for information regarding openings and program availability.

Nursing Homes/Skilled Nursing Facilities

Skilled nursing facilities, also called nursing homes, provide long-term, skilled care for people who require assistance with their daily needs. In addition, many now offer short rehabilitation services to return individuals to their highest level of functioning and independence. Some offer respite care, hospice care, or specialized dementia units.

Visit the Medicare website: www.medicare.gov to find and compare Medicare and Medicaid certified nursing homes based on a star rating system.

LEGAL ADVOCACY ISSUES/RESOURCES

The following agencies *may* provide limited legal advice and/or advocacy, or be able to direct you to additional resources and assistance. Please contact them with specific questions about legal issues, for advocacy services, and for information regarding possible income guidelines for assistance.

MEMORY CARE RESOURCES

If you are concerned that you or someone you know may be suffering from Alzheimer's disease or other dementia, contact your family doctor or neurologist for an assessment. Memory Assessment Centers are specialist diagnostic clinics that assess individuals to determine what may be causing memory loss symptoms. Early diagnosis allows individuals to receive maximum benefit from available treatments, which may vary depending on the cause of the dementia.

Memory Cafés (Manitowoc County Only)

Memory Cafés welcome those experiencing early stage dementia, mild memory loss, or cognitive impairment, and family and friends of those affected. It's a great opportunity for lively discussions, information gathering, refreshments, camaraderie, and lots of creative fun!

The Virtual Dementia Tour

There are questions we ask ourselves when caring for or visiting someone with dementia or Alzheimer's disease. "The Virtual Dementia Tour" helps those without dementia imagine what it might be like to live with cognitive decline. It is a simulation based experience paired with a follow up debriefing and educational session. For more information, call 1-877-416-7083.

Senior Farmers Market Nutrition Program (FMNP)

Offers low-income older citizens an opportunity to purchase fresh, locally-grown fruits, vegetables, and herbs from certified farmers. Senior FMNP checks can be used from June 1 through October 31 at any participating farmers market or roadside stand in WI who display the Approved Vendor sign. Contact the ADRC for dates and application sites.

PERSONAL EMERGENCY RESPONSE SYSTEMS

Personal emergency response systems are 24 hour electronic monitoring systems that allow a person to contact help in a time of need.

Contact the ADRC for the most updated listing.

RESPIRE CARE

Respite services are designed to provide family members or primary caregivers with breaks from their caregiving responsibilities. Respite is provided to individuals with disabilities, chronic or terminal illness, and to persons at risk of abuse and/or neglect. Respite can occur at in-home and out-of-home settings for any length of time depending on the needs of the family and available resources. Another family member, friend, agency, assisted living facility, or skilled nursing facility may also provide respite.

Please visit our website at www.adrcofthelakeshore.com or call us at 1-877-416-7083 for a current list of options.

SENIOR CENTERS

Senior Centers provide opportunities for education, social events, recreational activities, volunteering, counseling, mentoring, prevention/health promotion, and resource/referral.

Examples of some educational opportunities include: workshops on ceramics and other arts & crafts; library services including large print books and books on tape/cd;

tax preparation; volunteer opportunities; and guest speakers on various issues such as benefits, financial planning, health, and government issues.

Examples of recreational activities include: card playing, dart ball, bingo, tatting, movies, intergenerational activities, dominos, billiards, table tennis, computers/internet access, Wii, and TV series production.

Examples of health and wellness programs include: exercise classes, walking programs, yoga, blood pressure screenings, flu vaccinations, foot care clinics, and hearing aid services.

Contact the Senior Center for a calendar of events, questions about cost for programs/classes, and transportation options.

ADRC VOLUNTEER PROGRAMS

Advocacy

- Represents the ADRC of the Lakeshore at regional and state meetings.
- Commission on Aging - Attend public hearings and quarterly meetings to help the Commission on Aging make informed decisions.
- Nutrition Project Council - Assist the Nutrition Program Coordinator and the ADRC of the Lakeshore in evaluating, planning, and advocating for the nutrition program in Kewaunee and Manitowoc counties.

Health Promotion

- Memory Café - Assist with the program.
- Wellness and Prevention Programs - Receives training to offer evidence-based programming to the community.

Medicare Part D Open Enrollment

- Must have previous experience to assist the community.

Nutrition Program

- Assist the dining site manager with the following:
 - Driver and/or runners for Home Delivered Meals.
 - Kitchen assistance.

Transportation Coordinating Committee (TCC)

- Attends quarterly meetings to help in the coordination of Manitowoc County's specialized transportation programs for the elderly and the disabled.

Transportation Program

- Driver - Uses the ADRC vehicle or personal vehicle to transport individuals to/from destination. Must have a valid driver's license and insurance.

WORKSHOPS

Bingocize

Are you looking for a fun and exciting way to stay active? Bingocize is a unique program that combines the game of bingo with light exercises and health information. Participants meet for one hour, twice a week, for 10 weeks, to play a few rounds of bingo and engage in various exercises. Throughout the program, participants can expect to see improvements in their overall fitness, strength, flexibility, and balance. Exercises can be adapted to suit your fitness level.

Boost Your Brain and Memory

A six-week, instructor-led course with a holistic and evidence-based approach to improving brain health. This class will teach you new habits to help you maintain cognitive health as well as practice new skills for better memory performance. This program is intended for those who are not diagnosed with dementia, to learn ways they can lower their risk of developing dementia.

Sip & Swipe

A two-day workshop offering those who have never used a tablet or smartphone a safe way to learn basic skills such as: turning a tablet on/off, searching the internet, creating an email account, and more. Each course is based on individual needs/skill levels.

Stepping On

A seven-week workshop that is proven to reduce falls. Through the leadership of trained facilitators and presentations by community experts, this workshop focuses on improving balance and strength, home and environmental safety, vision, and medication review. Research shows that Stepping On participants have a 31% reduced risk of falls.

Stepping Up Your Nutrition

Did you know that malnutrition can cause muscle loss and dizziness which can increase your risk of falls? If you have two or more chronic conditions, you may be at risk of malnutrition. You may also be at risk for malnutrition if you are losing weight without dieting, not getting enough to eat, losing muscle strength, and not drinking enough fluids.

For more information on these workshops, please visit our website at www.adrcofthelakeshore.com or call us at 1-877-416-7083.
