ELECTRONIC MONITORING PROGRAM

Huber Sergeant email:
AmyMatthias@manitowocountywi.gov
Telephone: (920) 683-4945

1. EMP / HUBER is a privilege and NOT a right, it's a change in the inmates' housing assignment.
2. You must be a sentenced inmate and have Huber authorized by the Court.
3. You may not have any active warrants in/out of state.
4. You must read, agree to & initial all EMP / HUBER Rules and Regulations. You are responsible to know & follow all EMP/HUBER Rules and Regulations, even if your attorney completes & returns the initial APP on your behalf.
5. With very limited exceptions, you are expected to work within adjacent counties to Manitowoc County.
6. Complete & submit this application **(3) weeks prior to sentencing with an immediate report, court ordered report in date or considering a transfer in/out of Manitowoc County.** This information is necessary to determine your eligibility while serving your sentence on work release, self-employment, and/or childcare.
7. If emailing form: it MUST be in a printable doc form (Word, PDF, etc). JPG or another photo imaging will NOT be accepted.
8. Although *a transfer maybe authorized by the court*, both participating counties must approve before it is considered. We are not in control, nor will we question another counties refusal. Inquiry to why, is solely at the inmate's discretion.
9. The Confidential Information Release Authorization & Medical Pre-Booking forms are necessary so jail nursing can review and retrieve any needed medication or records prior to you reporting in.
10. YOU MUST have a WORKING CELL PHONE with an ACTIVATED VOICEMAIL!
11. Once preliminary consideration is determined, we will be in contact with you (inmate) directly for further information to complete any questionable sections, even if your attorney originally submitted the initial APP. You (inmate) are responsible to answer and/or respond to message(s) promptly.
12. Any OWI related sentence requires proof of IID installation & assessment documentation *before* reporting into jail or you **will not** have Huber privileges, per State Statute 303.08(10m-r) **THIS IS A STATE LAW!** (If sentenced on OWI post booking date, options may be available to schedule and pay fees to qualify for EMP)
13. You agree to cooperate with all Law Enforcement and EMP /HUBER Staff during all home checks *prior* to hook-up to determine eligibility and *while* on the program should you become eligible.
14. **You MUST report clean & sober.** You will be required to provide a UA.
15. If you are taking any medications, you **MUST** bring them **ALL** in with you when reporting in. Even those placed in a daily/weekly/monthly pill organizer.
16. **ALL** weapons or ammunition, including look alike, antiques, none working (functional) or bow and arrows (including cross-bows), alcohol and illegal drugs must be removed from the residence *prior* to home check for eligibility *until* your participation in this program has ended.
17. Anyone living with you (family, etc.) **must** also agree to the placement rules and regulations.
18. Other factors that may influence acceptance into the program are (1) Institutional history- appropriate behavior and ability to follow rules, (2) Input from inmate's probation agent, (3) Pending charges concerning you (4) Ability to Pay Fees (accumulated debt, as well, as current EM Program fees)
19. We carefully review each application before any final decision is made by the Sheriff or authorized designee. **Each application is evaluated on a case-by-case basis.**

Everything **you** do is based on the choices **you** make. It's not your parents, your past relationships, your job, the economy, the weather, an argument or your age that is to blame.
You and ONLY you are responsible for every decision and choice **you** make. Period.

Things to know...

Participants agree to comply with each component of the program & testing requirements. These requirements include:

- Collection which can include breath, blood, urine, saliva, hair, or other form
- Collection of samples will usually be observed including direct observation of the flow of urine from the body
- Not consuming excessive amounts of fluids that result in a diluted drug test
- Those who are required to test using a compact and durable Remote Breath will provide breath alcohol monitoring via scheduled, random, and on-demand testing times. Software on this machine provides automatic facial verification.
- Random home visits during the day, evening or weekend where the participant will be visited by MTSO, WCS and possibly other law enforcement agencies. Participant may be required to identify other residents and/or visitors in the home. The participant may also be required to submit to a Portable Breath Test (PBT). The participant is required to respond to the visit by answering your door and allowing officers, WCS into their home. If not home, we may attempt to reach the participant by cell phone.
- ANY police contacts, including traffic stops, need to be reported to WCS as soon as possible. The participant must report to law enforcement that they are a participant of the EMP through MTSO.

WCS will test for mood-altering substances found in prescribed and over-the-counter medications, including, but not limited to: Opiates, Tramadol, Alcohol and Dextromethorphan. This means that most cold-medication will be off limits unless deemed necessary and that no suitable alternative exists. All mood-altering medications, prescription or over-the-counter, must be prescribed under the direction of a licensed medical professional who is aware of your participation in the Electronic Monitoring Program (EMP).

If a licensed medical professional approves, adjusts or stops a mood-altering medication, you must:

- Immediately notify WCS and Huber Sergeant.
- Follow up with written documentation of the medication or change signed by the licensed medical professional.

Medications causing you to have a potential positive UA outcome must be available for pill count every Wednesday

- Herbal supplements: Anything with the words “extract” could result in a positive test for alcohol, along with “fermented” teas.
- Do not drink alcohol substitutes (near beer, O’Doul’s, etc.)
- Refrain from drinking Kombucha
- Do not consume poppy seeds as consumption may result in a false positive drug test.
- Read the labels of anything you plan to consume/use. **IF IN DOUBT DO NOT CONSUME/USE.** Consult the pharmacist or treatment provider to ensure that the item is not mood altering and will not result in a false positive test.
- Hand Sanitizers- excessive, unnecessary, repeated use of products may result in a false positive test for alcohol.
- Avoid acetone fingernail polish. Alternatives are available.
- Participants may not consume or possess “designer drugs” or other substances, which produce a drug like effect. Designer drugs are drugs and compounds that have been: (1) altered or modified so that they do not fit within chemical definitions that would otherwise make them illegal and; (2) altered or modified in order to circumvent drug monitoring. Examples are “spice”, “K2”, and other synthetic cannabinoids. An example of “other substances” is synthetic cathinone’s, commonly referred to as bath salts, CBD, GBL/GHB. This list is not all-inclusive and can have products added or removed at MTSOs discretion.
- Participants agree that they will not be in an environment where drugs or alcohol is used. Claiming that a positive test result occurred from being in a drug-using environment but that personal use did not occur is not a valid explanation for a positive result.
