RESIDENTIAL CARE APARTMENT COMPLEX (RCAC)

A residential care apartment complex (RCAC) is a type of assisted living facility in which five or more adults reside in independent apartment units. This type of housing would benefit someone who needs some assistance with daily living care and nursing services yet can function in an apartment setting. RCACs provide room and board and up to 28 hours per week of supportive cares, including nursing and personal care services. Emergency assistance is available 24 hours per day. An RCAC is either certified (public funding may be accepted) or registered (private pay only). Rent and other charges are self-pay. Be sure to ask if there are additional charges for services. RCACs may offer short-term respite stays. A tenant's service agreement must be completed with the RCAC prior to admission. Please contact the facility directly for more information.
